

I'm currently a professional volunteer but have worked in the elementary education field in the past. You can find me spending my spare time working out in the gym with friends, reading a great book with my four-legged fur baby, or running the "LUPER Uber" service for my 8th-grade daughter.

Thankfully, the service is down to one client due to my son being a sophomore at NC State University. Spouse's Club is one of the places I connect at each duty station. I look forward to meeting you at our next meeting.
